Journal of Seventh Convocation.

Saturday, June 26th, 1909.

The Seventh Annual Convocation of the Missionary District of Honolulu was opened by a celebration of the Holy Communion in St. Andrew's Cathedral on the above date, beginning at 10 a. m. The Bishop, the Rt. Rev. Henry B. Restarick, being the celebrant, assisted by the Rev. W. H. Bliss.

At 2 o'clock in the afternoon the delegates assembled in the Memorial Hall recently dedicated to the memory of Theophilus Harris Davies, for the first business session. The proceedings were opened with prayers read by the president, the Bishop. The secretary then called the roll of the clerical members, as certified by the Bishop, ascertaining thereby that eleven out of the sixteen clergymen canonically resident were present.

The report of the Committee on Privilege was then received, certifying to the election of lay delegates from the various parishes and missions, as follows, which, on motion, was adopted:

To the President:

Your Committee on Privilege begs to submit the following as the list of duly elected delegates to the Seventh Annual Convocation, to-wit: (See list on preceding page.)

On calling the roll of these delegates it appeared that representatives from more than one-fifth of the congregations were present, whereupon the President declared the Convocation duly organized and ready for business.

Proceeding in order nominations were opened for the office of secretary, and the name of Rev. W. E. Potwine was presented. No others being received, on motion, the nominations were closed and the ballot cast for the nominee, who was thereupon declared duly elected to serve for the ensuing year.

The secretary then nominated to the Convocation as his assistant, Mr. Wm. Thompson, and the nomination was unanimously confirmed.

A list of those congregations delinquent in respect to canonical offerings being presented it was, on motion, decided to remit all penalties, cancel the obligations and admit the delegates.

REPORTS.

Reports of committees being in order the secretary then presented the following, which was received and placed on file:

SECRETARY'S REPORT.

To the President and Members of the Seventh Convocation:

The secretary of the last Convocation begs to submit the following report:

After the close of the session of the Convocation of 1908, in accordance with provisions of the Canons, the proceedings of that meeting, together with the Annual Parochial Reports and other matters pertaining to the Convocation, were printed and copies of the same were sent to all members and to the various Dioceses as directed. At a little later date the Constitutions and Canons, as finally amended and approved, were also printed and copies sent to those requiring them. Several hundred copies are yet in hand to meet future requests. The amended Order of Business and Rules of Order as adopted at that Convocation were not then bound up with the Constitution and Canons, but appear in the Journal of 1908 on pages 11, 12 and 13. Extra copies have been printed and are now available for those who may wish to have them to bind up with the Constitution and Canons. The secretary would like to know whether or not the Convocation wishes the Order of Business and Rules of Order incorporated in each annual Journal, and asks for definite instruction on this point. From the record of the last meeting there appears to be due from various committees, reports as follows:

On the subject of the Disabled Clergy and Relief Fund;

On the subject of the New Parochial Report providing for additional information as to the general condition of our congregations, for the use of the Committee on the State of the Church;

On quarterly supplementary reports on the spiritual condition of parishes and missions; and another, from the Com-

mittee on Legislation on the most convenient date for holding the annual meetings of Convocation.

The secretary desires in this public way to express his appreciation of the efficient services of the assistant secretary, which have been so cheerfully and freely given, not only in the sessions of Convocation, but in the subsequent work of making up and publishing the Journal.

Respectfully submitted,

W. E. POTWINE,
Secretary.

The Bishop being ready to read portions of his address, upon which he desired action by the Convocation, the Order of Business was suspended and the subject matter presented, after which, on motion of Rev. Mr. Bliss, it was referred to a special committee consisting of Rev. Leopold Kroll, Rev. J. W. Gunn and Mr. Robbins B. Anderson.

Resuming the order of business, Rev. Mr. Bliss then presented the report of the special committee appointed last year on the subject of securing a general offering toward the General Clergy Relief Fund now being raised in the States by concerted action. The report was as follows:

GENERAL CLERGY RELIEF.

Honolulu, T. H., 26th June, 1909.

To the President of Convocation:

Your special committee appointed at the last Convocation, in the matter of Clergy Relief, begs leave to present the following report:

The past year has been a time during which there has been an unusual call upon the generosity of the Church people of the District. The cancelling of the remaining indebtedness on the Cathedral, the building of new churches and rectories throughout the Islands have taxed our resources to the utmost. All of these enterprises were proper and necessary. On this account, your committee, feeling the supreme importance of the work they were called upon to further, has thought it best to take no definite action towards securing contributions for

Clergy Relief, preferring to wait until this time, in order to secure the coöperation of Convocation in a plan whereby the whole District may be systematically canvassed for this important object.

Your committee therefore presents the following resolution:

Resolved: That Convocation, with a due regard to the great obligation resting upon Church people for the care and support of the clergy after they have passed the period of active service, hereby directs that in each parish and mission of the District there shall be appointed by the priest in charge a committee whose duty it shall be to collect subscriptions for this worthy object, and forward the same to a central committee to be appointed by this Convocation; and that such money shall be forwarded to Dr. Wilkins, the general secretary of the Five Million Dollar Relief Fund appointed by the General Convention of 1907.

Respectfully submitted,

W. H. BLISS,

W. E. POTWINE,

GEORGE DAVIES.

The resolution presented in the report, after some discussion, was adopted.

Several other committees needing more time to prepare their reports, the President called for the report of the Educational Committee, which was presented by Rev. Mr. Bliss, as follows:

EDUCATIONAL COMMITTEE.

To the Rt. Rev. the President of Convocation:

Your Educational Committee begs leave to present the following report:

The statistical sheet shows a satisfactory gain, both in Sunday and Parochial school work. The fact that the gain this year is very much below the gain of 1908 over the figures of 1907, is because the year 1908 saw a number of new schools started as well as a considerable gain in certain schools due to other causes.

The largest loss is reported from St. Andrew's: the returns showing 43 fewer pupils than in 1908. The committee finds that by far the greater number of those lost, belonged to classes where there were not regular teachers, while, on the other hand, those classes which had the same teacher every Sunday, have lost but few, and in some cases, made considerable gains. This is a significant fact which should not be lost sight of.

The most consistent gains are reported from the Oriental work. St. Elizabeth's shows a gain of over 62 per cent. in the Sunday School.

Turning to the day and night schools, we find a gain in every instance. This means that, throughout the Islands, there are 590 boys and girls being educated by the Church, and that all of these receive religious instruction regularly, and many of them every day.

The new Priory building will be ready for occupancy by November 1st, and will doubtless be an epoch marking event in the life of the institution. The enrollment of boarding pupils has increased from 62 to 80, while the total, with the day pupils, is 120.

Iolani, though handicapped somewhat by insufficient equipment, and by changes in the teaching staff during the school term, has more than held its own.

Your committee feels that the year's results show grounds for congratulation. This is a time when a thorough grounding in the principles of the Christian religion is most essential. These principles are attacked on all sides by those who are abandoning traditional Christianity, and the only safeguard for our young people is to give them such intellectual and spiritual training as will enable them to hold fast to the "faith once delivered."

Acting upon the instructions of last Convocation the committee recommends that the graded course of lessons published by the N. Y. S. S. Commission be adopted by the clergy for use in the Sunday Schools of the District.

Respectfully submitted,

W. H. BLISS,
H. M. VON HOLT,
CHANG KIM.

The following reports of the Committee on Finance were presented by Canon Usborne and filed:

REPORT OF FINANCE COMMITTEE.

Honolulu, 23 June, 1909.

To the Secretary of Convocation:

Sir:—We have examined the accounts of Mr. John Guild, treasurer of the Corporation, as detailed in his report dated June 22, 1909.

These accounts are thoroughly systematized and well kept, but we would suggest that, in future, they be closed at the end of the Church year, the 30th of April.

We have examined the Securities and Balances and found them to agree with the Treasurer's Statement.

We find the cash transactions to be sufficiently vouched for, but wish to ask, in this connection, that the Clergy and others having dealings with the Treasurer would be more prompt and attentive in sending him their statements and receipts.

Respectfully submitted,

JOHN USBORNE,
GEO. P. DENISON,
ROBT. CATTON.

Finance Committee.

Honolulu, 23 June, 1909.

To the Secretary of Convocation:

Sir:—We have examined the Accounts of Mr. H. M. von Holt, Treasurer of Convocation, for the year ending 30 April, 1909. These Accounts consist of:

1. Convocation Expense Account,
2. Board of Missions Account,
3. Episcopate Fund Income Account,
4. Episcopate Fund Capital Account,
5. Balance Sheet,
6. Schedule A, Receipts by special offerings from the various congregations.

The balances on hand from last report are correct and balances carried forward are duly accounted for. Vouchers for payments made are all in order.

Referring to the investment of £2035.5/9, belonging to the Episcopate Fund, in British Consols, we beg to point out that these securities were quoted in the "Times" of May 26th at 85 $\frac{1}{4}$. This depreciation does not promise a realization of the hope expressed in the last Treasurer's Report that Consols might be expected to reach 90 within a few years, and we submit to the Convocation that it would be better to sell those Consols and invest the money locally in 6% bonds. 85 $\frac{1}{4}$ % of £2035.5/9 is £1735, which would realize here, at the rate of exchange today (4.8525 per £), \$8419.08. There are in the Savings Bank, to the credit of this Fund, \$724.60, from which sufficient could be taken to make up an even \$9000.00 for investment which, at 6%, would yield \$540.00 or more than twice the income now being obtained.

On behalf of the Treasurer, as well as of the Finance Committee, we would ask the Clergy and others having to do with the money matters of the Church to be less dilatory in sending in their statements and receipts.

Respectfully submitted,

JOHN USBORNE,
GEO. P. DENISON,
ROBT. CATTON.
Finance Committee.

The report of the Treasurer of the Board of Directors being called for, Mr. John Guild then presented the following, which, on motion of Mr. Davies, was accepted by a rising vote:

TREASURER OF BOARD OF DIRECTORS.

Honolulu, T. H., June 22, 1909.

To the President and Directors of

The Protestant Episcopal Church in the Hawaiian Islands,
Honolulu.

GENTLEMEN:

Herewith I beg to submit Treasurer's statements as follows:

STATEMENT OF RECEIPTS AND EXPENDITURES: You will note that this statement shows a credit of \$350.00, which was received for old buildings sold, also a charge of \$188.50 paid for a Safe for the keeping of the Cathedral Records in the new Davies Memorial Parish House. The receipts of the above \$350.00 for old buildings will also make it possible for the Directors to pay off the sum of \$113.35, which was borrowed by them some years ago from the Kona Endowment Fund for general expenses of the Corporation.

STATEMENT OF ENDOWMENT ACCOUNTS AND INCOME FROM SAME: This statement is similar to what has been made up in former years and shows how the different endowment funds are invested as well as the income from same paid to the different beneficiaries.

STATEMENT SHOWING RECEIPTS FOR ACCOUNT PAROCHIAL ENDOWMENT FUND: It will be noted that with the donations during the past year the amount at the credit of this fund now amounts to \$202.72, which is on deposit with the First American Savings & Trust Co.

STATEMENT SHOWING VALUE OF ALL CHURCH PROPERTY: When I was appointed Treasurer of the Corporation in October, 1908, it seemed to me very necessary that a proper set of books should be opened which would show at all times the different properties owned by the Church, together with the values of same. I therefore took the matter up with the clergy on the different islands and have got from each of them what they consider a fair valuation of the Church property in the different districts. These

valuations have been gone over by the Bishop and it is believed that the appraisements are in all cases very conservative. You will note that the total value of the Church property amounts to the large sum of \$353,761.00.

I would call attention to the fact that the St. Clement's property in Honolulu has not been included in the above statement, nor has the same been brought on to the books of the Corporation, for the reason that it has not, up to now, been turned over to the Corporation on account of the mortgage indebtedness still due on the property. The St. Clement's property is held for the Church by three Trustees, of which the Bishop is to be one, and its value is estimated at \$16,000, less the mortgage indebtedness of \$3,500.00.

There is one other property which on account of a debt on same, I have been unable to include. This is the piece of land in Hilo adjoining the Church and on which the Guild Hall is built. This land is valued at \$1,000, and the Hall at \$1,500, but as same is held by the Bishop in trust until a debt of \$900.00 is paid, it cannot yet be taken over by the Corporation.

STATEMENT OF ASSETS AND LIABILITIES: This statement shows the Total Assets and Liabilities of the Church Corporation in these Islands at the present time, based upon the appraisement of the property already referred to.

Respectfully submitted,

JNO. GUILD,
Treasurer.

REPORT OF THE TREASURER OF THE SEVERAL
MISSION FUNDS.

Honolulu, June 12, 1909.

To the President and Members of Convocation:

Sirs:—Herewith I beg to hand you my Accounts as Treasurer of the following funds:

Convocation and Missionary District;

Board of Missions;

Episcopate Endowment (Income and Principal).

In addition to the above I have received the following for account of:

Parochial Endowment, St. Augustine's, Kohala—Three dollars (\$3.00), which has been turned over to the Treasurer of the Board of Directors;

Seamen's Institute, Honolulu—Twenty-five dollars (\$25.00) from Bishop Restarick, turned over to the Treasurer of that Institution;

General Clergy Relief Fund—Five dollars (\$5.00), remitted to the Treasurer in Philadelphia;

Fund for Widows and Orphans of Deceased Clergy—Thirty-four dollars twenty-one cents (\$34.21), still in my hands awaiting remittance to the proper person as soon as it is known who he is;

Honolulu See House Fund—Fifteen hundred and Eighty-five and 65/100 dollars (\$1585.65), which has been deposited to the credit of that Account in the Savings Bank of The First American Savings and Trust Co. of Hawaii, of this city.

I would suggest that Convocation appoint a treasurer for: General Clergy Relief Fund, Honolulu See House Fund, Fund for Widows and Orphans of deceased Clergy.

In this connection I note by the Journal of the last Convocation that a committee of three persons was appointed to assist the Treasurer in securing contributions from such congregations in the District as could afford the same, for the General Clergy Relief Fund. It will be noticed that only \$5.00 have been received, and that was a contribution from a person not in the Territory; not a single congregation contributing to this fund.

Convocation Expense: Unless the Board of Directors have extra expenses to meet this conciliar year, I consider the assessment on the basis of last year, i. e. \$250.00, ample; especially in view of the fact that this fund now has a balance to its credit of \$79.70.

Diocesan Missions: Great difficulty has been experienced in getting sufficient funds to pay the charges on this fund, and in many cases the quarterly offerings have been much delayed in being sent in. As it is, this account has been overdrawn \$32.11, and had it not been for the action of our Bishop in coming to its relief at a critical time to the extent of \$100.00, some stipends could not have been paid.

The Treasurer has caused notices to be sent out to all congregations, except Missions, for all collections authorized under the Canons, and these have been followed up by reminders at various times when congregations were delinquent. There is absolutely no reason or excuse for delinquencies reported to the Secretary of this Convocation. The Treasurer kept his books open until this date in order that delinquencies might be made good, and over \$60.00 of such thus appear as having been paid within the conciliar year, and therefore not reported.

Parochial Endowment: It appears rather incongruous that your Treasurer should have to report on this fund as to its delinquency when the funds under the Canons do not pass through his hands at all.

Episcopate Fund: The English funds still remain invested there in British Consols. I have not been advised of any further action by the Board of Directors or the Bishop in regard thereto, and have followed out the same procedure of your former Treasurer of this fund, both as regards principal and income.

The question has been raised as to the liability of so-called Organized and or Unorganized Missions for Diocesan Offerings, Episcopate Fund and Parochial Endowment Fund. This is a question that should be settled by Convocation.

In reporting delinquencies to the Secretary I have been guided by my own reading of Section 6, Canon XV.

Parochial Reports: (Section 2, Canon XIII.) I have only

received one report as provided for by this Section of the Canon, that being from Lahaina, Maui.

Respectfully submitted,

H. M. VON HOLT,
Treasurer of the several Mission Funds.

The report of the Treasurer of Convocation was then read by Mr. H. M. von Holt, as follows:

The selling of certain British Consols belonging to the Episcopal Fund of this District being under discussion, as a part of Mr. von Holt's report, it was moved by Mr. Catton, "That the Board of Directors be authorized and directed to dispose of the fund now invested in British Consols to the best advantage within the next three months." Being seconded by Mr. Guild, the following amendment was offered by Mr. L. Tenney Peck and adopted, viz: "That this Convocation instructs the Board of Directors to sell the investment in British Consols at the best available price when fair opportunity offers." The motion as thus amended was then adopted.

The following Resolution, presented by Mr. Davies, was then adopted:

The report of the Board of Directors was then called for and presented by Mr. Jas. Wakefield, secretary, as follows:

REPORT OF BOARD OF DIRECTORS.

Honolulu, June 25th, 1909.

Right Rev. Henry B. Restarick,
President of Convocation.

Sir:—I beg to report that the Board of Directors of the Protestant Episcopal Church in the Hawaiian Islands have held nine (9) meetings during the past year, at which business of material importance to the Church in the Diocese was dealt with.

At a meeting of the Directors held Friday, August 21st, 1908, Mr. John Guild was elected Treasurer of the Corporation; his services in this office have been of the greatest value to the Directors and also to the Church throughout the Diocese, Mr. Guild having organized a practical system of handling the accounts of the Corporation, the importance of which can be readily realized on examination of the Trial Balance of the Corporation which shows assets amounting to \$363,889.01.

The following property has been added to the assets of the Corporation during the past year:

1. The Davies Memorial Building.
2. The addition to the Cathedral.
3. The Church at Hilo.
4. Parsonage at Wailuku.
5. Parsonage at Lahaina.
6. Hall at Lahaina.

7. Priory buildings in course of erection, on which about \$28,000.00 has already been paid.

The total value of these additions is estimated at \$136,600.00.

I have also to report the exchange of the St. Cross property, Lahaina, for property situated on the beach at Lahaina in close proximity to the Church. This exchange may be well considered an advantageous one to the Corporation in every respect.

During the past year the Corporation has borrowed the sum of \$1,900.00; of which \$1,500.00 was used for the erection of a Parsonage at Lahaina, and the balance, \$400.00, was used for the erection of additional buildings at St. Elizabeth's Mission.

A fire proof safe has been secured by the Directors to insure the safety of Diocesan records, documents and other valuable property of the Corporation.

The old St. Andrew's Sunday School buildings and Sexton's cottage have been sold, the structures removed, and the ground on which they stood will be dealt with by the Cathedral Grounds Committee and a very material improvement to the Cathedral property will be the immediate result of this change.

At the last meeting of the Board of Directors it was decided to offer for sale the Rest House and property at Waiähole, providing the sum of \$3,500.00 net, could be secured for same. This sale will be effected at an early date and it is proposed to invest the proceeds in interest-bearing securities, which will enable the Directors to carry out in a practical way the purposes for which this Trust was established.

Respectfully submitted,

JAMES WAKEFIELD,

Secretary.

The report of the Board of Missions not being ready at this point the President announced that Elections were then in order.

ELECTIONS OF DELEGATES.

Nominations for delegates to the General Convention being called for, the Rev. W. E. Potwine of the clergy and Mr. Robt. Catton of the laity were duly presented. No other names be-

ing received, on motion the ballot was ordered cast for these delegates, whereupon they were declared elected.

For provisional delegates, the Rev. Canon Simpson of the clergy and Mr. Thos. Sharp of the laity were nominated. No other names being presented the ballot was ordered cast for these nominees, whereupon they were declared duly elected.

BOARD OF DIRECTORS.

The following persons were nominated for election to the Board of Directors, viz: Rev. W. E. Potwine, Mr. Geo. F. Davies, Mr. John Guild, Mr. C. F. Clemons, Mr. D. W. Anderson, Mr. Yap See Young, Mr. Jas. Wakefield. No objection being heard to the purpose of closing nominations and no other nominations being received, it was moved that the ballot be cast for the foregoing nominees. This being done the President then declared that they were duly elected to serve as the Board of Directors of the Protestant Episcopal Church in the Hawaiian Islands for the ensuing year.

ELECTION OF TREASURER.

A call being made for nominations for the Treasurership of (a) Convocation, (b) Board of Missions, (c) Episcopate Fund, (d) Aged and Infirm Clergy Fund, (e) Domestic and Foreign Mission Fund and (f) See House Fund, the name of Mr. H. M. von Holt was presented for each of these treasurerships and there being no other names placed in nomination, it was, on motion, resolved that the Secretary cast the unanimous ballot of the Convocation for Mr. von Holt as Treasurer of each of the foregoing Funds, whereupon the President declared him duly elected as Treasurer of the same.

To provide for the care of any other funds not otherwise provided for, on motion of Mr. L. Tenney Peck, it was ordered that the Treasurer of the Board of Missions be appointed a receiver and forwarding agent for all such miscellaneous funds.

CHANCELLOR.

The Bishop then nominated to Convocation for the office of Chancellor for the coming year, Mr. C. F. Clemons. On motion the Convocation immediately and unanimously ratified

and endorsed the Bishop's nomination by a rising vote, whereupon Mr. Clemons was declared duly elected to fill the office.

REGISTRAR.

The name of Mr. Robbins B. Anderson having been presented for the office of Registrar, and there being no other nominee, on motion it was ordered that the ballot be cast for Mr. Anderson, whereupon he was declared duly elected.

In order to expedite the business of Convocation, Mr. D. W. Anderson of the Committee on Equalization moved, that the sum of \$250.00 should be provided for in their estimate of the expenses of Convocation for this year. On motion the Convocation then took a recess until evening.

EVENING SESSION.

Convocation was called to order by the President at 7:30 p. m. and resumed the order of business.

On motion of Rev. W. H. Bliss, the Rev. F. A. Saylor and the Rev. R. Hori, appointees of the staff not yet canonically resident in this District, and the Rev. Y. Sang Mark, of the Diocese of Polynesia, were invited to seats on the floor of Convocation.

A resolution introduced by the Rev. Canon Ault relating to the Hawaiian Church Chronicle, was, on motion, referred to the Committee having charge of the Bishop's address.

On motion of Mr. Clemons it was resolved that the matter of the amendment of the statutes of the Cathedral of Honolulu, presented by the Bishop, be referred to the Committee on Legislation.

AMENDMENTS.

The following resolutions were offered by Mr. Clemons, amending the By-Laws of the Protestant Episcopal Church, to-wit:

ARTICLE V.

That Article V. of the By-Laws of the Protestant Episcopal Church in the Hawaiian Islands, be amended by striking therefrom Subdivision 4 relating to the signing by the President

of checks for money drawn upon the Treasurer, and that the remaining subdivisions be amended accordingly.

ARTICLE VI.

That Article VI. of the By-Laws of the Protestant Episcopal Church in the Hawaiian Islands be amended by striking there from Subdivision 3 relating to the countersigning, by the secretary, of checks drawn by the President upon the Treasurer, and that the remaining subdivisions be re-numbered accordingly.

ARTICLE VII.

Respectfully submitted,

D. W. ANDERSON, Chairman;
YAP SEE YOUNG,
CHARLES F. CLEMONS.

Honolulu, June 26, 1909.

On motion the report was accepted and the assessment was ratified by Convocation.

Returning to elections Mr. D. W. Anderson, Mr. H. McK. Harrison and Mr. Yap See Young were duly nominated and chosen by the Convocation to constitute the Board of Equalization for the ensuing year.

EDUCATIONAL COMMITTEE.

The following were nominated and chosen by Convocation to serve as the Educational Committee, namely: Rev. W. H. Bliss, Rev. A. L. Hall, Mr. H. M. von Holt and Mr. Chang Kim.

On motion of Judge Lindsay, the Bishop was asked to appoint the Committee on General Clergy Relief Fund, whereupon the Bishop appointed the Rev. W. H. Bliss, Mr. Geo. F. Davies and Mr. H. M. von Holt.

The following resolution was adopted by a rising vote:

Resolved, That a minute of condolence on the death of the late Geo. C. Thomas be drafted by a committee of three, to be appointed by the Bishop, and that said minute be printed in the Journal and Church papers, and a copy sent to the family of the deceased Mr. Thomas.

Whereupon the Bishop appointed the Rev. W. E. Potwine and Judge Lindsay to act with himself on such committee.

On motion of Mr. D. W. Anderson it was resolved that the sum of \$50.00 be paid to the Secretary for his services during the past year.

REPORT OF SPECIAL COMMITTEE ON BISHOP'S CHARGE.

To the Convocation:

The following resolutions are offered by your Committee:

Resolved, That this Convocation heartily endorses the position of the Bishop in endeavoring to promote a better understanding between and a closer union among the Christian bodies at work within the Hawaiian Islands, with a view to applying their resources more effectively, avoiding thereby all friction and unnecessary duplication of work.

And be it further resolved that the Missionary District of Honolulu be represented in furthering this spirit of Christian fellowship by a standing committee composed of one clergymen, the Rev. Canon Simpson, and one layman, Mr. L. Tenney Peck, who act with the Bishop in all matters relating to Church Unity.

Resolved: That as there are moral and social conditions existing in the Hawaiian Islands which are detrimental to the

furtherance of the highest ideals of a Christian life and the building up of Christian character, especially among young men and girls, a committee of not more than five in number shall be appointed by the Bishop, which shall gather information and make a report thereon, with a view to helping the workers of the Church, to devise ways and means towards overcoming the existing forces of evil and to stir up the public conscience to coöperate with the Church.

The resolutions were adopted.

The Bishop then appointed the following on Moral and Social Conditions: Rev. Canon E. T. Simpson, Rev. Leopold Kroll, Mr. Wm. Thompson, Hon. A. Lindsay, Mr. W. A. Greenwell.

The following resolution, introduced by Canon Ault, was, on motion, also adopted:

Resolved: That the Hawaiian Church Chronicle, now the property of the Bishop and used by him solely for the advancement of the work of the Church in Hawaii, is ably fulfilling its mission, and as the official organ of the Missionary District is worthy of the cordial support of all our people, and that every clergyman should consider himself a special agent in bringing it to the attention of his people and securing subscriptions in his own field.

REPORTS.

On the second call for reports the following was received from the Board of Missions:

The Board of Missions held one meeting during the year on the call of the Bishop, at which envelopes were ordered printed and a general policy was outlined which has been systematically carried out throughout the year.

The Committee on Legislation submitted the following report, which, on motion, was duly adopted:

To the President of Convocation:

The Committee on Legislation recommends that Section 4, Canon XV., be amended in accordance with Canon XIII., Section 4, of the General Canons of the Church, as follows:

To strike out "that" in the first line, and "be taken" in the second line, and substitute for the word "that" the words "there shall be taken" and make the sentence read "there shall be taken on the first Sunday after Epiphany in each Parish and Mission of the Church in these Islands an annual offering for the purpose of creating an endowment fund for said Parish or Mission."

Further that Article IV., Section 1, of the Constitution, be amended in accordance with the provision in Canon XIII., Section 4, of the General Canons, as follows: That the words "third Monday in May" be struck out, and the words "fourth Saturday in June" be substituted.

REPORT OF COMMITTEE ON THE STATE OF THE CHURCH.

Your committee have tabulated statistics from thirteen parochial reports, which were placed in their hands, and submit herewith the following comparative figures showing as well as possible from this date in hand the gains and losses over last year:

| | 1908 | 1909 | Gain |
|-----------------------------|------|------|------|
| Baptized Adherents | 2552 | 3008 | 456 |
| Communicants | 1168 | 1301 | 133 |
| Sunday School Scholars..... | 860 | 910 | 50 |
| Sunday School Teachers..... | 69 | 71 | 2 |
| Bible Class Attendants..... | 39 | 143 | 104 |
| Baptisms (infants) | 139 | 158 | 19 |
| Baptisms (adults) | 64 | 97 | 33 |
| Confirmed | 90 | 154 | 64 |
| Families reported | 570 | 602 | 32 |

The figures given are obtained from the Parochial reports when such were at hand; in two instances they were obtained as far as communicants and adherents were concerned from the last report, being satisfied that the conditions of these two places are practically unchanged. The totals, as a whole, show a steady gain, but whether the number of Sunday School children or those under religious instruction can be kept up depends upon the future work.

In addition to the children in the Sunday School there are about six hundred children or adults in the day and night schools.

REPORT OF THE COUNCIL OF ADVICE.

The Secretary of the Council of Advice begs to report that the only call for a meeting during the year was issued at the request of the Bishop in March, when the subject of postponing the date of holding the Annual Meeting of Convocation was presented for consideration.

It was then resolved that consent be given to postpone to such date as might, in the judgment of the Bishop, be most convenient for all concerned.

Respectfully,

W. E. POTWINE,
Secretary.

To the Convocation:

Your committee, acting under instructions in regard to the announcement of the death of Mr. Geo. C. Thomas, late treasurer of the Board of Missions, begs leave to submit the following for record in the Journal as in some measure expressing the sense of the members of this body:

Resolved: That in the death of Mr. Thomas the American Church has lost one of its foremost laymen, whose fine business talents consecrated to the service of God and man have greatly aided in the spread of Christ's Kingdom.

Resolved: That the whole Church has cause for gratitude to God for the good example of His servant now at rest, both as a personal worker in his parish and as a faithful steward of wealth so generously used by him in the great cause of Missions; and further

Resolved: That a copy of this minute be sent, with Christian sympathy, to the family of the deceased and that it be published also in our diocesan paper.

(Signed) HENRY B. RESTARICK,
Bishop of Honolulu.

W. E. POTWINE,
Secretary of Convocation.

ALEXANDER LINDSAY,
Delegate from Hilo.

On motion of Rev. W. H. Bliss it was resolved that a Committee on the State of the Church, with the help of the Treasurer of Convocation and the Treasurer of the Corporation be directed to prepare and print new Parochial report blanks for use of Parishes or Missions in making the annual report.

On motion it was resolved that the minutes be accepted without being read, subject to the approval of the Bishop. The number of copies of the Journal to be printed was left to the discretion of the Secretary. No further business appearing, on motion the Convocation adjourned sine die.

HENRY BOND RESTARICK,
Bishop of Honolulu.

Secretary.

Annual Address.

Another year has passed and we gather again to take counsel together and to plan those things which by the blessing of God will make for the advancement of the Kingdom of God's dear Son in Hawaii nei.

In the Church at large there has been much to engage the attention of interested Churchmen, and such we all should be.

On the Mainland, George C. Thomas, the greatest among laymen in his zeal and labor for the Kingdom of God, has been called to Paradise.

Among those interested in the establishment and work of the Church in these Islands who have gone to their Rest we may mention Thomas R. Walker and Robert Rycroft.

One of the clergy connected with this Missionary District, the Rev. Walter C. Stewart, after a long and painful illness was given relief by being called hence.

Three Bishops have departed this life since we last met. I will merely mention their names, tempted as I am to say some words about each: The Rt. Rev. Henry Codman Potter, D. D., Bishop of New York; The Rt. Rev. Albion W. Knight, D. D., Missionary Bishop of Colorado; The Rt. Rev. George De Normandie Gillespie, D. D., Bishop of Western Michigan.

The most notable event in the Anglican Communion last year was the Pan-Anglican Conference on Missions and the Lambeth Conference, both held in London. Although it was not practicable for the Bishop of Honolulu to attend, yet we are glad that we had at the Missionary Conference a clerical delegate and lay delegates who represented these distant Islands.

There never has been a time when this historic Church, with its full Catholic heritage of Faith, Order and Sacraments, so fully recognized the work which in the Providence of God is before her, and never was so fully manifested as now, its Unity on the fundamental principles of the Christian religion accompanied by liberty within broad lines for the expression of individual faith, worship and work. In these points of defi-

nite faith, liberty of opinion, and diversity of use, lie the strength of the Church in its appeal to men for real corporate Unity.

The Lambeth Conference, while disappointing in not expressing a definite position on some points, did great service in again calling the attention of Christians to the matter of Unity. It recommended conferences among Christians with a view to the removal of difficulties and of a better understanding. We are glad to say that circumstances arose here, where words of the Bishop led to an arrangement for a conference between a committee appointed by the Bishop and one appointed by the Hawaiian Board. We had no plans and no expectations other than to seek the guidance of the Holy Spirit. Who is moving the hearts of Christian men to desire Unity as they never did before. One meeting of these committees has been held and arrangements have been made for a series of conferences later. I should like this Convocation to nominate a layman and a clergyman to act with the Bishop in this matter of conference with the committee appointed by the Hawaiian Board.

We repeat here what we have said before: the waste of men and money due to the division of Christian people is not only unbusinesslike, but a shame to Christian men as well as contrary to the mind of Christ. May God grant us all wisdom to further the Unity of all "who call themselves Christians."

I have made a further study during the past year of religious conditions on these Islands and have taken pains to get accurate information. While I am not ready to make this public yet, I can say that my conviction is stronger than ever that the people need to be given positive and constant instruction in matters of faith and duty. To this end in the day school, night school, Sunday school, and by sermons the clergy and workers should teach, *teach, TEACH*. It is not emotion the people want, it is not guessing and debating about Biblical questions. They need to be taught those things which a Christian ought to know and believe to his soul's health. They need to be taught the fundamental principles of the Christian faith, their duty to God and man, and the need of prayer and grace to enable them to do that duty. The Church Catechism teaches first who we are, second, what we are to believe, third, what we are to do, and fourth, how we are to be able to do it.

Enlarged and amplified by the intelligence and knowledge of the teacher and illustrated by his own life and conduct, this, if anything, will improve conditions.

There are thousands of people in these Islands who have been to Sunday School and preaching service for years, who hardly know whether there are any commandments. Emotion, singing and discussions about different points, often trivial, do not promote moral character, and religion without morality is a dead, meaningless thing.

When the people have been taught their duty, then they must be induced in every possible way to seek God's grace, that they may carry their knowledge into good effect in their lives.

It is because I believe that the system which the Church possesses would, if applied, help greatly to remedy existing evils, that we should use every effort to reach and instruct the young.

It may be said that it is not a priest's work to teach school. Let me say then the late growth of the Church in these Islands is due more than any thing else to its work of instruction. Some missions with rapidly growing membership have been built up from its schools. It does entail hard work on the clergy, but it is worth it, and those who do the work know the satisfaction of such service. If the school in some form is the best way to reach the heart and mind and to illuminate the soul with the Light of the world then it is the Priest's work. Of course, in all this I mean a teaching saturated with religion. Secular learning alone, never did and never will, make people better. There are moral conditions in the Islands which, when they are known, stagger one. While there is an advance in public opinion which forces things once openly tolerated into secret practice, yet the low idea of morals among many is something which no Christian man should see exist without striving to do his part to remedy them. The records of the Juvenile Court in this city as to the number of girls brought before it, illustrates what I mean. From country-school teachers and others I learn of conditions, not isolated cases, but general conditions which are distressing and unspeakably bad. And yet many of the offenders are not only members of, but officers connected with, religious bodies. I am told frequently in a community that it is "no place for

any girl," and Roman Priests, who know conditions, have freely told me things which, if published, would shock the community. I suggest that this Convocation appoint a committee to report next year on Moral Conditions and Social Service.

And now to a review of the condition of the Church in Hawaii:

First, as to material progress. Since we last met the addition to this Cathedral has been paid for and consecrated, and plans have been obtained from the original architect for a Tower and a sketch for a West front.

Second. The Theophilus Harris Davies Memorial Building has been completed and dedicated to the Glory of God and the uses for which it was given by the family of one, who, from his arrival in these Islands, was deeply interested in all things which concerned the advancement of the Kingdom of God. This memorial, good and true in every part as the Cathedral, and built in its architectural spirit, is a gift for which all are thankful to God in that He put it into the hearts of His servants to offer this gift as a memorial to the departed, and we pray that its use may further the work of the Kingdom of God, and so conduce to the honor and praise of His Holy Name.

Third. It was with great pleasure and gratitude of heart that we received in April the gift of five thousand dollars (\$5,000.00) from Charles M. Cooke towards the endowment fund of the Priory. It was a wise and thoughtful provision of the donor thus to stipulate its use. As a business man he knows that institutions are hampered for want of funds, and that a reasonable endowment is a necessity if constant deficits are not to be faced. I sincerely hope that this will stimulate other persons to consider the wisdom of endowments for our work here. The Cathedral needs a reasonable endowment in order to carry on its varied work. I am glad that one person has stated his intention to give \$10,000 towards the endowment of a Canonry. A reasonably large endowment would enable the Dean to enlarge the scope of the work by reaching out in many directions impossible under a Parochial system. I am glad also to say that two persons have notified me that in their wills they have each left \$2000 to endow scholarships at St. Andrew's Priory, and during their lives these people pay

an amount equal to the interest on the above sums. These are instances mentioned in order to arouse others to remember by gifts or in their wills the needs of the Church in Hawaii. I will mention some of the funds which need gifts and bequests:

- (1) The Diocesan endowment for the Episcopate. (This fund has now \$10,000.)
- (2) St. Andrew's Priory.
- (3) Iolani School, which needs scholarships badly.
- (4) The Missionary work of the Islands.

Cathedral. (1) The endowment for the Dean's salary.
(2) Endowment of Canons' stalls, the holders of which should be assigned Missionary duties.

Parochial. The endowment of Parishes and Missions. A beginning has been made in this direction at Kona, Lahaina and Wailuku, but there is needed an endowment at each place if the permanence of the work is to be assured. The Canonical yearly offering for the endowment of Parishes and Missions should not be forgotten. Conditions may greatly change in these Islands and we should provide for the future. "The Protestant Episcopal Church in the Hawaiian Islands" (a corporation) is, under its charter, competent to receive gifts or bequests and to hold such in trust for any Church purpose.

Fourth. Outside of Honolulu material progress has been made. At Lahaina a Parish Hall has been built with a stage and two side rooms, and there has also been erected a Parsonage, the interest on the money to build which, is guaranteed by the Woman's Auxiliary of the District.

Fifth. At Wailuku a new Parsonage has been built at a cost of \$2,800. Note should be made of the fine Easter offering at Wailuku, which has added \$2,100 to the fund for the building of the new church.

Sixth. At Kohala, the Parsonage has been repaired and improved at considerable outlay, and at Makapala the efforts of the Guild and the kindness of friends, has provided a parsonage for the Rev. Mr. Woo Yee Bew on the property of the Church.

Seventh. At Hilo the church has been built and consecrated within the year. This is a gift of the Sunday School of the Church of the Holy Apostles, Philadelphia. Besides the church costing \$4000, there are memorial gifts given locally

and by friends in Philadelphia which makes this one of the most handsome churches in the Islands. The interior walls are of koa in panel work, the wood being the gift of the local Hawaiian Mahogany Company. The church could not be duplicated with its furnishings for \$8,000.

Eighth. The Easter offering at the Cathedral and gifts from Churchmen of the Islands, has placed about \$1,700.00 in the fund for a Bishop's House.

Ninth. The new building for St. Andrew's Priory is advancing rapidly. It is constructed according to the best known principles, and we hope to complete it without debt, though this is uncertain. No school for girls in the Islands has done more for the women of Hawaii than this institution and we rejoice that we have been able to erect this home for it.

As illustrating the increase in the amount of Church property, I will say that the painstaking and thorough report of the Treasurer of the Board of Directors of the Protestant Episcopal Church in the Hawaiian Islands, shows that there are lands, buildings and trust funds belonging to the Corporation to the value of \$363,000. If we add to that, property held by the trustees, the total is \$388,000, an increase from \$101,000 in 1902 of \$287,000 in seven years.

Tenth. Another advance has been the publishing of a Diocesan paper, which is the medium of communication between the Bishop and all the Church people of the Islands, and which will be self-supporting if the Church people who read it will pay for it.

The past seven years of my Episcopate have been years of construction. To do what there was to be done absolutely required the procuring of lands and the erection of buildings. It is not because I like this kind of work that I have done it, but because it had to be done. But, with this, there has been also expansion, the reaching out here and there wherever I believed this should be undertaken. The money with which the work of advance is carried on comes from three sources. The grant from the Board of Missions in New York, which is expended by me according to the schedule of stipends sent to me by the Board; (2) From the gifts of friends in the States, largely at my discretion; and (3) That which comes from the designated gifts and offerings of the people here. The in-

crease in the amount given by the people in this District is remarkable.

On one matter I desire to speak to the Laity. Living expenses in the Islands we all know are high. The salaries paid the clergy are in most cases inadequate. They can only receive more when the laity recognize the facts and meet the needs. I am familiar with the financial condition of every Parish and Mission, and know what men give as annual subscriptions to the support of their churches. In the vast majority of cases the amount given has no relation to the ability of the subscriber. It is often less than his bill for cigars or his club or his amusements.

If it were not for the fact that a sum is placed in my hands by friends here for the increase of clerical stipends, matters would be worse than they are. The subscriptions for the support of the Church, as I find them in the hands of the parochial Treasurers, seem to me often ridiculously small, and I speak now of those who are interested and active Churchmen. I call upon the laity to think of this matter and remember that an increase of 25% of your subscriptions would mean a corresponding increase in the salary of the clergyman, which would take him away from the edge of a position where he constantly feels anxiety. Then again there are many in every congregation who make no pledge. This is not fair nor is it right. A part of religion is sacrifice, giving. The offertory, the giving of one's substance, is an act of worship, and the reverent carrying out of this is provided for by rubric. The expenses for one's religious privileges should be considered a tax upon one's income, to be met as something due, and which must be paid. What is given beyond this is a matter of conscience and devotion. In this connection I would call your attention to the Five Million Dollar fund which it is proposed to raise for the pensioning of the clergy. It is impossible for the clergy to save money. More and more are great business corporations adopting a pension system. The Army and Navy are provided for, and those who labor as clergy in the Church should be able to feel and know that a reasonable support awaits them in old age. Most of the Dioceses have had aged and infirm Clergy Funds, though quite insufficient to meet the needs. Many of late years have joined forces with the organization in charge of the General Fund. It appears to me that this is

the better way for us to follow, and I have let the canon relating to a local fund sink into abeyance and such money as has been given has gone to the Treasurer of the General Fund, and from this such aged or infirm clergy as we have had, have received aid.

I hope that the Convocation will appoint a strong committee to collect money towards a Clergy Pension Fund of \$5,000,000, which it is hoped to raise in the American Church.

In looking at the returns for this Missionary District I find that the baptisms last year were larger than those of any previous year, and the confirmations were the largest of any year in the history of the Islands. The actual communicant members of the church in Hawaii has increased over 120% in seven years. On Easter day, in nearly every parish and mission, it was reported that a larger number of communions were made than ever before. There is also shown a spirit of giving which is most gratifying. The Easter offerings were everywhere larger. The Sunday schools in their Lenten offering for Missions showed an increase of 55% over last year. The offerings of the parishes for Missions showed an increase of 31%. The Woman's Auxiliary has given twice as much as last year.

All these things show an increased sense of responsibility. There are cases, where, by reason of removals or other causes, the income of the station has decreased, but this has occurred in only two instances, all the rest showing an increase. One fund only is in an unsatisfactory state, and that is the Diocesan Mission Fund. Surely it is not too much to expect that we shall get on an average one dollar per annum from each communicant. I call upon the people to give at the quarterly collections.

Further: I have determined upon a new policy. Heretofore in the formative period I have, in too large a degree perhaps, taken upon myself the work which the Diocesan Board of Missions should do. I have made up deficiencies and managed that no deficit occurs. Next year I shall inform the Board that the business is theirs, and put upon them the burden of finance. In addition to the Quarterly Offering, I suggest either an apportionment system or the getting of pledges from individuals as supplementing the quarterly offerings. I am sure that the people desire to help the Bishop to keep up

the work of the Church in places where the people are not able to pay the whole salary of those who minister to them.

Brethren of the clergy and laity, you have done well in the past and God has blessed us. We are in a better position than ever to do the work which the Church is called to do, and which we are specially fitted to do. In the first place we go to men with a positive message. We do not say, "Let us meet together and make a belief." We go and say, "This is the faith once for all delivered to the Saints, always held by the Holy Catholic and Apostolic Church." Men may think that they can win men by minimizing the faith, but in the end this always results in disintegration and decay. The religion of Jesus Christ is the religion of the Incarnation. Let any religious society ignore or deny that and its members become a prey for all sorts of vagaries in religion. In such soil the Church of Rome goes with confidence, knowing that men must have something positive, and her confidence that the United States will become Roman Catholic, comes from the drift from the Incarnation by various religious bodies. This Church stands for the religion of the Incarnation, and if others drift away from this then so much the more should we assert it. It will win because there is no logical middle ground between God manifested in the flesh and bare human speculation. Either men have only guess-work and surmise, or they have God made known to them in the person of Jesus Christ. A positive definite faith wins in the end, and our work is to proclaim it and teach it and practise it.

Another thing which we have is a Catholic worship, which provides what man needs to express his heart's adoration, its wants, and its eucharistic joy. Man is a worshipping being, and the Church with a liturgical, musical and beautiful service, has on earth the means of preparation for the worship of heaven. Men need worship today more than they do sermons. Worship develops in the soul reverence and awe, and men need that in this irreverent and self-satisfied age. Next we have the principle of authority. The Church is not a human society of men seeking God, but it is a divine society, which brings God's truth and grace to men. If we are loyal to these points and advance them in every possible way, we shall do our work and win souls and keep them.

New methods or old ones in a new dress come up in every

age. While a blind conservatism hinders and stifles, an ill-considered following of the new may mean distress and disaster: there are movements in every age which men are apt to take up, and fret because the Church does not at once endorse them. These movements are the thought of the day and attract men, but mere attraction may do harm unless the basis rests on truth. The Church may well watch and examine any movement before it commits itself.

I have pointed out several times here that while in the past generation the danger to the faith came from materialism, that in this generation it would be from the psychological side. We must not be carried away by theories or partly digested facts. We should all be open to truth, but we should not be in haste, nor should we be credulous. Much is written and said about the Emmanuel movement. Dr. Worcester, well known to me, is a learned and good man. But psychologists just as learned as he deny the existence of the sub-conscious mind on which this, and kindred movements are based. We do well to wait until the fundamentals of the science have been placed on a certain basis before the Church commits herself to anything which might react to her danger and loss. Whatever individuals may do, the Church must carefully scrutinize every new agency which men bring before her. The restless spirit of the age, in its whirl and rush has upset the nervous balance of many. But the work of the Priest is primarily to arouse and cultivate in souls that faith in a living, loving Father, and obedience to His laws which induce health of soul and body. I believe that the restoration of the offices of visitation, and communion of the sick, and the encouragement of the patient in faith and hope and charity will be potent factors for health of soul, and mind, and body. Let us beware lest new ideas of appeal to suggestion are but attempted substitutes for plain, old-fashioned faith and trust in the wisdom, the goodness and the love of God.

My journal, which I make an appendix to this address, I submit to you as enjoined by Canon.

During the year I have transferred the Rev. Roland Hilton to the Diocese of New Westminster, and the Rev. Frank Fitz to the Diocese of Massachusetts.

I have received and licensed to officiate the Rev. C. H. Bloor, the Rev. F. A. Saylor and the Rev. R. Hori.

There are now nineteen clergy in the Islands and thirty-one lay-workers, a total of fifty.

Brethren of the clergy and laity, we need faith, hope and love in this varied work of ours. We need not only faith in God but faith in the capacity of man to respond to the message of the Gospel. We have work calling to us on all hands. The other morning as I sat in my office, having business with a white priest, there came in a Japanese catechist, while he was there, two Chinese workers came, then a Korean put in his appearance, and soon after a Hawaiian worker. These were all together in the office at one time. It is an illustration of the work. It has its difficulties, trials, discouragements, but a living faith, a constant hope and a loving heart, will find joy in this work. Seek to nurture these qualities of mind and heart and turn to your work with enthusiasm and zeal and the results will come; some results known and seen of men, others known now only to God, but which will one day be made manifest that we may rejoice face to face.

The lesson which we can both learn and teach here as nowhere else in the world is that of Brotherhood. The normal man here looks at a man as a man. If he shows the attributes of manliness, honor, honesty, decency and courage, he values him for these and not for his skin. To despise people is the surest way to wrong judgment. In families children differ in complexion, disposition and mentality, and these differences are more marked in the great human family. But it must be our privilege and duty to carry the message of Brotherhood and to illustrate it in conduct. Brotherhood, not intellectual

agreement, is the key to right understanding and peace. Those among you are your Brothers. The human heart, if it be not degenerate, responds to Brotherliness. It is the key to success here. Brotherhood means sympathy, a regard for the rights and the feelings of the brother, a sincere regard for his comfort and happiness. To exploit men because one has the power, is the work of the infidel, not of the Christian. In the spirit of Jesus the Son of Man, your Brother and my Brother, your real success and the growth of the Church lies.

God help you to be faithful, earnest, persevering, allowing nothing to baffle or thwart you until the end.

Woman's Auxiliary.

The Seventh Annual Meeting of the District Branch of the Woman's Auxiliary to the Board of Missions was held at St. Andrew's Cathedral on Tuesday, June 29, 1909. The meeting began at 10 o'clock with a celebration of the Holy Communion by Bishop Restarick, assisted by Rev. W. H. Bliss.

The sermon was preached by Rev. J. W. Gunn of Kohala, Hawaii.

It was a true missionary meeting and one could not help but be impressed when one saw the congregation of devout women composed of Americans, Chinese, Japanese and Koreans.

After the service in the Cathedral the congregation adjourned to the Davies Memorial Hall, where the business meeting was immediately opened with Bishop Restarick presiding.

It was throughout a most enthusiastic meeting and it was gratifying to see representatives from nearly every congregation on the Islands. It was a pleasure also to have with us interested Church friends from the Mainland who are visiting the Islands and who, by their generous interest, added greatly to the success of the day. Reports were read and showed encouraging increase in Mission work.

Although all branches of the Auxiliary had worked to help establish the church at Lahaina they had in no way neglected their other pledges, and old promises that had been overlooked were redeemed so that all branches, the new and the old, are to be congratulated on their successful year.

Several generous donations were received at the meeting, amounting all told to more than \$300.00, one being a gift of \$100.00 towards the Lahaina Rectory Fund.

In honor of the ordination of Mr. Shim Yin Chin, of Kula, Maui, which took place at St. Andrew's Cathedral on Sunday, July 4th, sufficient funds were collected to present him with a set of Eucharistic Vessels. The nucleus for this gift was started by the Sunday School of the Good Shepherd in Wailuku, Maui. The Kula Mission, where Mr. Shim serves, is

also to have a new bell, the money needed being given by those attending the meeting.

Rev. Woo Yee Bew of Makapala, Hawaii, was provided with funds with which to alleviate the suffering of several of his parishioners, who are in destitute circumstances.

Most interesting papers were read, telling of the progress of the work among the Chinese, Japanese and Koreans.

The offering for the day was, by vote, given to start a fund for the erection of a rectory at Hilo.

A substantial luncheon was served to about a hundred people in the old Priory building by the Guild of St. Andrew's Cathedral.

Officers for the Ensuing Year.

The Bishop congratulated the women of the Auxiliary on their work and then made the following appointments for the coming year:

Mrs. O. E. Steven, secretary-treasurer.
